ORIENTEERING BOOKS

Orienteering in the National Curriculum (Key Stage 1 - 3)

£10.95 (3rd Edition)

Excellent guide to teaching introductory orienteering with structured teaching plans. Especially valuable for teachers who are not orienteers.

Orienteering in the National Curriculum (Key Stage 3 & 4)

£10.95 (2nd Edition)

Covers more advanced techniques. If working with Stage 3 & 4 pupils who have not done orienteering previously, teachers are likely to find the Stage 1 - 3 book more appropriate initially.

Teaching Orienteering (2nd edition)

£15.95 (2nd Edition)

The BOF reference manual. Ideal for teachers new to the sport with logical teaching progressions and related exercises - well illustrated.

Trail Orienteering

£9.00

Orienteering as an activity for the dis-abled. Uses an approach where map reading skills take precedence over physical ability. Trail-O is also of value for able people for reinforcing map interpretation skills.
